

Changing perceptions

As a start-up, we are the world's leading company for 3D printed designs and art made of sand. Our customers include international artists, designers, architects, and companies. For our office **in Munich or via remote**, we are looking for a

3D-Rendering Designer (Freelancer) (m/f/d)

4-8 hours/week

Your tasks:

- Creation of photorealistic and high-quality 3D visualizations and renderings, around our product range as well as environment visualizations for application.
- Image editing with Adobe Creative Suite.

Your personal profile:

- Degree in 3D design or equivalent professional training.
- Preferably first experiences and presentable reference.
- Confident handling of Adobe Creative Suite graphics software (Photoshop, InDesign, Illustrator, Lightroom).
- Bridge, Premiere or other video editing programs are a plus.
- A high degree of commitment and accuracy.
- Creativity, combined with great layout skills.
- Good communication skills as well as a goal-oriented working method and ability to work in a team.
- Fluent in German **or** English skills.

Your benefits:

- Colleagues who enrich your daily work routine
- Flat hierarchies
- Young & motivated team
- Dog-friendly office
- Free beverages
- Soccer table for a small creativity break
- Office at the English Garden
- Cool refreshment in the outdoor pool

This is a natural part of our work:

- Performance-related payments
- Space for your creativity
- Home office
- Flexible working hours
- Insights into every area
